

DANNY AND ARY MORRISON

Danny and Ary Morrison live in Viña del Mar in Chile's central region with their three sons, Samuel, Andrew and Michael. Danny was ordained early in 2003 and pastors the church of La Resurrección in the crowded suburb of Gómez Carreño. His ministries there include:

SUNDAY SCHOOL

This has seen growth over the years, with many young children coming to faith through children's outreach events. These have included ***Children's Encounter in the Spirit***, a retreat for children aged 8-11 and ***Alegres aunque llueva*** ('Happy even if it rains'), an evangelistic winter holiday event.

YOUNG PEOPLE (aged 13-24)

A dynamic group within the church, motivated to study Scripture and take on responsibilities within the church and local community. Evangelistic events have included ***Encounter in the Spirit (EJE)*** which sees young people giving their testimonies, praising and glorifying the name of the Lord.

WOMEN'S GROUP

A strong group which Danny describes as the 'backbone to the life of the local church'. It has a historical background as many of the early members of the church were sailors, so while they were at sea the wives became the main part of the church. The group is involved in Bible studies, social work, caring for people in need, visiting, evangelism and helping in the Sunday School. Through them an outreach has been created to young mothers in the local community.

HOME GROUPS

Groups of 7 to 10 people meet together to study the Bible and pray and are also involved in helping in their local communities.

MARRIAGE ENCOUNTER

Married couples meet in an informal atmosphere once a month to be challenged by topics ranging from stress in marriage to dealing with children and learning about God.

As well as looking after their children Ary is heavily involved in the church, particularly with the young people and a mums' Bible study, many of the contacts for this being formed through the school that the boys attend.
